

NARAMATA INN

WINE LIST

You're sitting here in one of the most unique wine growing regions in the world. The Okanagan Valley and our neighbouring Similkameen Valley have hot, dry, desert-like climates, not replicated anywhere else. Framed by deglaciated mountains and extinct volcanoes, moderated by lakes, rivers and streams - we have a diverse range of ancient soils and numerous microclimates within these valleys, each presenting their own distinct terroir. We have sunshine. More hours of sunlight than most wine regions in the world, bringing us the warmth needed to ripen grapes, coupled with cool nights contributing to our wine's signature freshness and vibrant acidity. All of this, packaged up into a short, intense growing season. You're sitting here in one of the most unique wine growing regions in the world. And we're so happy you are.

FLIGHT: LET'S BE FRANC

24

Being a parent is hard. And Cabernet Franc is the parent grape of two overachievers, Merlot and Cabernet Sauvignon, who tend to steal the spotlight. But who is Cabernet Franc really when she's not folding Merlot and Cabernet Sauvignon's laundry? The truth is, Cabernet Franc is just as noteworthy as its big, bad offspring. Responsible for some of the most renowned reds of the Loire Valley, as well as a key player in Bordeaux blends from both banks, Cabernet Franc is certainly not a grape to let pass you by. So we're glad you've joined us in this curious look at Cabernet Franc when she shines as a stand-alone grape variety here in the Okanagan and in her birthplace, France.

Cabernet Franc / Else 'Jocko', Oliver, Okanagan Valley 2020
Cabernet Franc / Domaine de Pallus 'Les Pensées de Pallus', Chinon, Loire Valley, France 2016
Cabernet Franc / Synchronmesh 'Turtle Rock Farms', Naramata Bench, Okanagan Valley 2017
