

Join the Inn crowd this Holiday season

Whether you're looking to toast the season with your colleagues, raise a glass of bubble with your friends, getaway with your family over the holiday break, or find the perfect gift for those special people in your flock, we've got it all.

Naramata Inn is here to rule your Yule.

Break bread with us, and toast the season.

Celebrate the holidays while enjoying Chef Ned Bell's hyper-local, and seasonal "Naramatian" cuisine. Join us in the main dining room for a multi-course holiday menu with optional wine pairings. For a more exclusive experience, book one of our private dining spaces. Make a splash at your get-together even by adding on a private wine or cocktail experience before dinner.

Bundle up together, like two birds of a feather.

Come for dinner, and stay for the heritage Inn overnight experience when you book one of our 12 Mission-style guest rooms. Not only will your commute be reduced to a staircase, but you'll also get to ease into the next day with our farm-to-table Continental breakfast. Bring some friends and make it a holiday sleepover to remember.

Gifts with something for now and something for later.

At Naramata Inn, we are lucky to be surrounded by some of the most talented artisans, producers and farmers in the region. Let us help you put a true Naramata experience under your tree this year with one of our culinary gifts, perfect for stocking stuffers, or the main event. Ask us about custom gift boxes that bring together all of your Inn favourites such as our preserves, granola and honey, along with other signature goodies to bring our local flavours to your loved ones.

Gift cards—the present that always fits.

A Naramata Inn gift card is the present that's on every food and wine lover's wish list. Valid for use against accommodation and dining at the Inn, gift cards are available in any denomination. Purchase over \$500 in gift cards at the same time, and we'll give you a little something too! Take away your own complimentary gift card worth 10% of your total.
